

Subscribe to Podcast in I Tunes

You can also receive all sermons uploaded by our church by subscribing to the podcast in I tunes.

Simply open I tunes and go to the I Tunes store (circled in red). In the "Search Store" window (circled in yellow) and type in **"Immanuel Christian Reformed Church"** in full. This search will locate all the sermons that have been uploaded and an opportunity to subscribe to the podcast. Each time you open I tunes it will upload the most recent sermon added and a list of sermons that are available and have not been uploaded. You can decide to upload all sermons, or select those that you want.

There are other methods for getting podcasts, however, through I Tunes it is very easy to subscribe and unsubscribe and it synchronises with your I Pod or I Phone.
